SUBJECT INDEX

Academic performance, after scoliosis corrective surgery, 168
Acupuncture, for cancer, in Taiwan, 41
Adaptation, to hemodialysis, in blacks, 116
Adolescents
  with diabetes mellitus, stressors and self-care challenges in, 72
  as passengers in drinking/driving situations, 142
  scoliosis in, 168
Adverse events, due to errors, reporting of, 224
African-American population. *See* Black population
Agency for Healthcare Research and Quality, funding applications to, 305
AIDS. *See* HIV/AIDS
Alcohol use
  driving and, passenger interventions for, 142
  falls related to, 81
Allergy testing, intradermal injections for, bevel position for, 275
Alternative therapy, for cancer, in Taiwan, 41
Ankle strengthening exercise, for fall prevention, in elderly persons, 21
Antiretroviral drugs, fat redistribution due to, 292
Anxiety, in heart failure, interventions for, 248
Assessment, in evidence-based practice, 239
Asthma, in elderly persons, care and education needs in, 207
Atrial fibrillation, falling statistics and, 81
Attitudes
  toward hemodialysis, in blacks, 116
  toward HIV/AIDS patients, in Uganda, 92
Australia, district nursing in, 301

Balance, promotion of, in elderly persons, 21
Behavior, of substance-exposed newborns, 32
Black population
  cardiovascular disease prevention in, 187
  diabetes mellitus type 2 in, culturally competent intervention program for, 10
  hemodialysis adaptation in, 116
Blood pressure, September 11 attacks' effects on, 2
Body image, in HIV/AIDS, fat redistribution and, 292
Breast cancer, survivors of, exercise for, 100

Cancer
  cervical, prevention trial for, in economically underserved women, 55
  complementary therapy for, in Taiwan, 41
  survivors of, exercise for, 100
Cardiac surgery, constipation after, lactulose syrup for, 48
Cardiovascular disease, prevention of, in black women, 187
Care plan system, computerized, nurses' perceptions of, 231
Catheters, peripheral inserted, occlusion of, patency restoration for, 297
Cervical cancer, prevention trial for, in economically underserved women, 55
Chemical irritation theory, of enemas, 265
Chinese medicine, for cancer, in Taiwan, 41
Clinical studies, recruitment for, in economically unserved population, 55
Cocaine use, in pregnancy, newborn behavioral responses in, 32
Cognitive dysfunction, falls in, 81
Cognitive-behavioral interventions, in scoliosis, 168
Collaboration, international, in research, 134
Colon, epithelial changes in, from large-volume enemas, 265
Communication
  among students, in September 11 attacks, 2
  in evidence-based practice, 239
Complementary therapy, for cancer, in Taiwan, 41
Computers
  for care plan system, nurses' perceptions of, 231
  personal digital assistants, 283
Constipation, postoperative, lactulose syrup for, 48
Convenience sample, representative, 130
Coping
  with diabetes mellitus, in adolescents, 72
  with dialysis, in blacks, 116
  with food service issues, in nursing homes, 109
Cost, of errors, 224
Cramping, from large-volume enemas, 265
Cultural factors
  in diabetes mellitus, 158
    intervention program for black women, 10
  in hypertension, 158

Data collection, personal digital assistants for, 283
Depression, in heart failure, interventions for, 248
Dermis, injections into, bevel position for, 275
Diabetes mellitus
  in Hispanic population, in Detroit, 158
  type 1, stressors and self-care challenges in, in adolescents, 72
  type 2, in black women, culturally competent intervention program for, 10
Diagnostic errors, reporting of, 224
Diet, for cancer, in Taiwan, 41
District nursing
  in Australia, 301
  in Thailand, 303
Doctoral programs, in nursing, 137
Documentation
  of errors, 224
  personal digital assistants for, 283
Drinking. *See* Alcohol use
Driving, with alcohol use, passenger interventions for, 142
Drugs
  errors related to, reporting of, 224
  falls related to, 81

Economic impact, of errors, 224
Editorials
  call for readers' comments, 1
  clinical expertise, 141

[Editorials]
commitment to go public with research, 233
health policy from clinical research, 71
Education
nursing, doctoral programs in, 137
patient and family
on asthma, 207
on cardiovascular disease, 187
on diabetes mellitus, for black women, 10
on drinking/driving interventions, 142
on food safety in pregnancy, 178
health literacy status and, 61
on heart failure, 150
web-based, 68
Elderly persons
asthma in, focus groups for, 207
falls in
prevention of, exercise program for, 21
statistics on, 81
knee osteoarthritis in, electrical stimulation for, 201
Electrical stimulation, for knee osteoarthritis, in elderly persons, 201
Embarrassment, from large-volume enemas, 265
Emotions, September 11 attacks' effects on, 2
Enemas, large-volume, safety of, 265
Environmental factors, in falls, 81
Errata, May 2004 issue, page 72, 221
Errors
data, in research, reduction of, 125
reporting of, 224
Evidence-based practice
in Australian district nursing, 301
implementation of, 239
Exercise
for adolescents with diabetes, 72
for fall prevention, in elderly persons, 21
falling statistics and, 81
for women cancer survivors, 100

Falling, in elderly persons
prevention of, exercise program for, 21
statistics on, 81
Fat, redistribution of, in HIV/AIDS, 292
Fear
in heart failure, interventions for, 248
of HIV/AIDS, in nurses, in Uganda, 92
Fluid overload, from large-volume enemas, 265
Focus groups, for asthma care and education, in elderly persons, 207
Food
for cancer, in Taiwan, 41
in nursing homes, coping with problems, 109
safety of, for pregnant women, health care providers' attitudes toward, 178
Funding, for research, 305

Glycemic control, in diabetes mellitus, interventions for, in black women, 10
Grant applications, 305

Health literacy, 61
Health policy, from clinical research, 71
Heart failure
interventions for, to enhance mental health and quality of life, 248
learning needs in, after hospital discharge, 150
Heart rate measurement, September 11 attacks' effects on, 2
Heart surgery, constipation after, lactulose syrup for, 48
Hemodialysis, adaptation to, in blacks, 116
Hispanic population, in Detroit, hypertension and diabetes in, 158
History, sexual, taking, in Taiwan, 257
HIV/AIDS
body changes in, 292
caring for, nurses' attitudes toward, in Uganda, 92
Human immunodeficiency virus infection. *See* HIV/AIDS
Hungary, nursing research in, 65
Hypertension, in Hispanic population, in Detroit, 158

Implementation, in evidence-based practice, 239
Infants, substance-exposed, behavioral responses of, 32
Injections, intradermal, bevel position for, 275
Innovation-diffusion model, for technology adoption analysis, 231
Institute of Medicine, safety standards of, 217
International collaborative research, preparation for, 195
International Hospital Outcomes Study, 134
Internet, health information on, enhancement of, 68
Interventions
in evidence-based practice, 239
for heart failure patients, 248
Intradermal injections, bevel position for, 275

Knee, osteoarthritis of, electrical stimulation for, 201

Lactulose syrup, for postoperative constipation, 48
Language use, September 11 attacks' effects on, 2
Laxatives, for postoperative constipation, 48
Lipodystrophy, in HIV/AIDS, 292

Malnutrition, in nursing homes, food services issues in, 109
Medications
errors related to, reporting of, 224
falls related to, 81
Medline Plus, for consumer information, 68
Mental health, in heart failure, enhancement of, 248
Mentoring
in evidence-based practice, 239
in nursing education, 137
Mood, falling statistics and, 81

National Institutes of Health, funding applications to, 305
Near errors, reporting of, 224
Needles, for intradermal injections, bevel position for, 275
Neonatal Behavioral Assessment Scale, for substance-exposed newborns, 32
Neurologic disorders, falls in, 81
Newborns, substance-exposed, behavioral responses of, 32
Nursing homes
fall prevention programs in, 21
food service issues in, coping strategies for, 109
Nutrition. *See* Food

Older adults. *See* Elderly persons
Osteoarthritis, knee, electrical stimulation for, 201
Outpatient Heart Failure Learning Needs Inventory, 150

Pain, from large-volume enemas, 265
PDAs (personal digital assistants), for data collection, 283
Pender's Health Promotion Model, for cardiovascular disease prevention, 187
Peripheral inserted catheters, occlusion of, patency restoration for, 297
Personal digital assistants, for data collection, 283
Physical activity. *See* Exercise
Polyethylene glycol enema, large-volume, safety of, 265
POP technique, for restoring patency to occluded catheters, 297
Postoperative constipation, lactulose syrup for, 48
Pregnancy
  food safety issues in, health care provider's attitudes toward, 178
  substance abuse in, newborn behavioral responses and, 32
Procedural errors, reporting of, 224
Psychological effects
  of exercise, for women cancer survivors, 100
  of heart failure, interventions for, 248
  of scoliosis corrective surgery, 168
Public health, transcultural skills in, 213

Qigong, for cancer, in Taiwan, 41
Quality of life
  in cancer survivors, exercise program for, 100
  in heart failure
    enhancement of, 248
    learning needs and, 150
  in HIV/AIDS, fat redistribution and, 292
  after scoliosis corrective surgery, 168

Radio listening, September 11 attacks' effects on, 2
Records, error reporting in, 224
Relationships, stressful, in adolescents with diabetes, 72
Religious activities
  for cancer, in Taiwan, 41
  for hemodialysis, in blacks, 116
Research
  in academic institutions, 137
  adoption of technology, 231
  attitudes toward food safety recommendations for pregnancy women, 178
  cardiovascular disease prevention in black women, 187
  catheter occlusion, 297
  clinical expertise and, 141
  complementary therapy for cancer, 41
  coping strategies for food service issues in nursing homes, 109
  data error reduction in, 125
  diabetes mellitus education program for black women, 10
  diabetes mellitus in adolescents, 72
  error reporting, 224
  exercise for fall prevention, 21
  exercise for women cancer survivors, 100
  fall statistics, 81
  funding for, 305
  health literacy, 61

[Research]
  heart failure learning needs, 150
  HIV infection body changes, 292
  in Hungary, 65
  hypertension and diabetes in Detroit Hispanics, 158
  impact of September 11 attacks, 2
  implementing evidence-based practice, 239
  international collaboration in, 134, 195
  interventions in drinking/driving situations, 142
  intradermal injections, 275
  knee osteoarthritis, 201
  mental health enhancement in heart failure, 248
  nurses caring for HIV/AIDS patients, 92
  personal digital assistants for, 283
  postoperative constipation prevention, 48
  representative sampling, 130
  safety of large-volume enema solutions, 265
  scoliosis in adolescents, 168
  sexual history taking in Taiwan, 257
  substance-exposed newborns, 32
Rogers innovation-diffusion model, for technology adoption analysis, 231
Roy's Adaptation Model, applied to hemodialysis in blacks, 116
Russwurm-Larrabee model for evidence-based practice, 239

Safety
  error reporting and, 224
  food, for pregnant women, health care providers' attitudes toward, 178
  of large-volume enema solutions, 265
  standards for, Institute of Medicine, 217
Sampling, representative, 130
Scoliosis, in adolescents, 168
Self-care
  challenges to, in adolescents, with diabetes mellitus, 72
  in heart failure, 150
September 11 attacks, students' reactions to, 2
Sexual history, taking, in Taiwan, 257
Skin testing, intradermal injections for, bevel position for, 275
Soapsuds enema, large-volume, safety of, 265
Social function, after scoliosis corrective surgery, 168
Spinal fusion surgery, for scoliosis, long-term effects of, 168
Standards, safety, Institute of Medicine, 217
Stress
  in adolescents, with diabetes mellitus, 72
  from September 11 attacks, in students, 2
Substance abuse, in pregnancy, newborn behavioral responses in, 32
Surgery, for scoliosis, long-term effects of, 168
Synthesis, in evidence-based practice, 239

Taiwan
  complementary therapy for cancer in, 41
  sexual history taking in, 257
Tap water enema, large-volume, safety of, 265
Technology, adoption of, 231
Television viewing, September 11 attacks' effects on, 2
Terrorist attacks, of September 11, students' reactions to, 2
Thailand, district nursing in, 303
Thrombus, catheter occlusion by, clearing with POP technique, 297
Transcultural skills, in public health, 213

Tuberculosis skin testing, intradermal injections for, bevel position for, 275

Uganda
HIV/AIDS patients in, nurses' attitudes toward, 92
international collaborative research project in, 195

Weight change, in HIV/AIDS, fat redistribution and, 292
Weight control, in diabetes mellitus, interventions for, in black women, 10
WELLNESS web site, for consumer information, 68
Women
black, diabetes mellitus type 2 in, culturally competent intervention program for, 10
as cancer survivors, exercise for, 100
economically underserved, cervical cancer program for, 55
